Parent & Toddler: 12 months – 4 years: Baby Arabia is a playgroup that provides an environment for Arabic & non-Arabic speaking mothers to familiarize the target language to their little ones. For non- native speaking parents our Parent & Toddler classes is a great way to introduce young children to another language and for Native speaking parents it provides adult role models who speak the child's family language to support the child's development in his or her primary language in a fun and social manner. The emphasis of these classes is interactive encouraging fun, play and music for both parents and children involved. Age is flexible as long as the parent is comfortable.
